"MEN'S BETTER WEAR"

DALEMEAD

Mr. and Mrs. Rudolph, from Vancouver, arrived in Dalemead last week to take up farming interests at their place.

About one hundred janties and seniors of the Dalemead vicinity enjoyed a picnic at Horseshoe Park, Calgary, on Thursday, and all had a splendid time, boating, swimming, basketball, etc. A basket dinner was served at noon.

On Wednesday the death occurred of Helen Wall, aged four years. She had been sick with subacute meningitis for the past two weeks. The Rev. Longstrech presided the services at the grave. The sympathy of the community goes to the bereaved family.

Saturday we witnessed one of the worst storms in the country. A tornado destroyed the house and farm buildings of Mr. John. The community joins in extending congratulations and best wishes.

LANGDON

The Ladies U.F.W.A. ladies enjoyed a very pleasant afternoon at Mrs. L. Wise's house. Seven members were present, and a number of visitors. Refreshments were served, and the evening was a most enjoyable one.

W. Arnold and McEwen. A report of the District Convention was given and plans discussed for entertaining the Association in August. Mrs. P. J. Lyons kindly offered to entertain the ladies at their next meeting in August. A very pleasing lunch was served by the hostess, Mrs. Edwards and Mrs. Olson assisting. A rummy contest was played as the centerpiece and each lady asked to guess its weight. After much lifting and thinking, the ladies, with the exception of Mrs. Short, found their estimates too low. Mrs. Wise presented Mrs. Short with a pretty orchid handkerchief. The ladies then visited the lovely garden, and after having their pictures snapped, enjoyed the shade of the lovely big trees.

K. A. BROWN IS CAUGHT IN TORNADO

On Saturday afternoon, a tornado, accompanied by hail, cut across country from the Lake Wabigoon district, upsetting houses, barns, telephone poles, etc.

R. A. Brown, manager of the United Electric and Refrigerator Co., that supplies light to Strathmore, was driving in his car when the storm came upon him. They pulled up and waited, and although they had the emergency brake on, the car drove the car about fifty feet along the road.

During the storm, a balloon and a cow standing in an adjoining field and knocked her down, but did not kill her.

The storm made havoc with the telephone poles, and seemed to cover about half a mile in width.

SPORT NOTES

WORLD SERIES CANDIDATES

NEW YORK—Pittsburgh and New York will be the scene of the 1927 world's baseball series, according to a reckoning based on the standings the evening of July 4th. This system gave the winner in the American League last year showed that St. Louis was the third choice to triumph in the National, and both pennant winners in 1924 and 1925.

Since 1900 practically 75 per cent. of the teams of the National League in first place on July 4th have won the pennant. The Chicago Cubs, which occupied second place on that date, has only a 5 to 1 chance of winning the flag, as only 20 per cent of the second place teams have attained that goal. There is opposition for the Cubs followers, however, in the memory that St. Louis last year, with only a 25 to 1 chance, came through to win the pennant.

Long leads seem to mean nothing in the American League at this ball play post. It was cited against New York last year and it will be reiterated that the Yankees barely staggered through to win. It seems almost impossible to beat New York this year and it appears as if the underdogs will have to abandon that theory, although they like to recall that an eight game lead for Chicago in 1916 didn't stop the Boston Red Sox from finishing ahead by two full games. According to the figures, Pittsburgh has a better chance to finish ahead than the Yankees, but we doubt whether anyone would wager that way.

Washington, according to the system, is a 5 to 1 shot to win. Chicago and Detroit also figure as having a chance, as about 10 per cent of third and fourth place teams have taken a pennant. Philadelphia, Cleveland, St. Louis and Boston are situated in a position lower than fourth even in the American League flag.

St. Louis' chances of repeating in the National League are slim. Only two teams in third place on the 4th, have ever captured the pennant in the National League, but St. Louis follows remember that the Cardinals were in that position last year and came through to win. No team lower than third, except Boston in the year, which eliminates New York, Detroit, Boston, Philadelphia and Cincinnati.

This would make the playing odds, which, of course, have no relation to the actual odds being offered, as follows:

National League—Pittsburgh, 1 to 1; Chicago, 5 to 1; St. Louis, 10 to 1; others in the field, from 50 to 100 to 1. American League—New York, 2 to 1; Washington, 4 to 1; Chicago and Detroit, 9 to 1; others in the field from 50 to 100 to 1.

BIG LEAGUE TEAMS BUMPED

CHICAGO—Boom times for baseball apparently have passed at least as far as this year is concerned. St. Louis, Boston and Cleveland in the American League, and Cincinnati, Boston and New York in the National League will be lucky to break even and the chances are several of them will finish in the hole. In the case of all six, the receipts are certain to be less than they were last year.

On the other hand, the New York Yankees seem set for the most profitable year in their history. Despite the fact the team is making a runaway race of it. The ability of Ruth and Gehrig to pound out home runs is responsible. They have been packing them in both in New York and elsewhere and they are saving the financial part of the game.

The Giants, on the other hand, are not doing so well. McGraw was charged with getting together a pennant-winning team this year, one at least that would be in the hunt for the flag most of the season—for the credit of the Giant's ledger has not been showing what it should the last few years. McGraw, himself, believed he had accomplished the mission entrusted to him, but now he has his doubts and he will be likely to finish in the third division.

Bad weather, however, has been a confounding handicap this season. Some of the games were called off and the homebatters resulting did not bring in any increased revenue. There is no reason to believe that there will be any decided change in attendance the latter half of the season, although the close race in the National League is expected to hold the interest of the fans on that circuit.

Cincinnati has quit the Reds club and St. Louis refuse to show any confidence in the Browns, according to the attendance figures. These two teams are likely to experience their poorest season in years. Philadelphia, in the American League, has profited by heavy gate receipts the first half of the season, but is likely to find them cut too heavily the latter half, unless the Athletics show signs for rejuvenation. Detroit has not thrived as well as last year, while Washington and the White Sox have not done any better.

By all rules of reason the Yankees can be considered "in." If they only win half of their remaining games, the next team must do better than capture five-eighths of its remaining contests, and there does not seem to be a team in the league capable of doing it.

POOL BUYS MORE ELEVATORS

Twenty country elevators have been purchased by the Alberta Wheat Pool from the United Grain Company Ltd. according to an announcement from the office of the pool during the past week. These elevators are located at Carr, Carbon, Halkirk, Hugheshead, Ironore, Magrath, Big Valley, Bashaw, Bryden, Camrose, Excel, Meeting, Melfort, Metchosin, Ramsey, Rowley, Sibbald, Chinook, Youngstown, Cereal and Enderby.

The Alberta Wheat Pool now owns a total of 125 elevators in the province, and it is expected that this number will be increased to 150 before the 1927 crop begins to move to market.

OLDS SCHOOL OF AGRICULTURE

OLDS, July 13th—The cornerstone for the new dormitory and gymnasium at the School of Agriculture at Olds will be laid at 2 p.m. on July 22nd, with officials of the Department of Agriculture conducting the ceremony.

When complete this building will be a handsome brick and stucco structure of two and one-half stories. It will be fireproof throughout, the framework being of tile. The main section of the building will provide space for a large combined Gymnasium and Assembly Hall, Library, two classrooms, four offices, a large dining room, and a kitchen; while the north and south wings will provide dormitory accommodation for the students. The north wing will take care of one hundred and ten young men students. There will be a sitting room on each of the three floors of each dormitory. Graceful steel arches will support the ceilings of the dining room and Assembly Hall.

The laying of the corner stone is a part of the program of the Alumni Union, which is to be held on July 21st and 22nd. This function affords an opportunity for ex-students to renew old acquaintanceship, and to view the beautifully decorated grounds and the experimental plots at the school. An especially good attendance is expected this year.

All friends of the institution are cordially invited to attend the dedication exercises.

ARDENODE

The usual meeting of the Ardenode P.F.W.A. also the J.U.F.A. was held at the home of Mrs. E. D. James on July 6th. After the usual order of business, bulletins were read and discussed. Mrs. Jensen, as program leader for the day, gave a very interesting paper on Proper Cooking of Vegetables To Retain Their Minerals and Vitamins. The J.U.F.A. put on a very interesting program, each member contributing some item. A delicious supper was served by the hostess to the members and their husbands, after which a number of games were played on the lawn. Everyone enjoyed the fun and the candles. The next meeting will be held at the home of Mrs. C. O. Dawson, August 2nd.

The J.U.F.A. extend a hearty invitation to all to attend the District Convention of the Pilot Light Association, to be held at Rosedale school July 22nd. Some good speakers have been securing. Please bring lunch baskets. Morning session to commence at 10:30 o'clock.

We were always proud of the Ardenode babies, more so since they scored the highest points at the Strathmore Baby Clinic. The following are the names of the babies scoring the highest point: Eddie Firth, Kenneth Sarsons, Ellen Sarsons, Vera Sarsons, Donald Sarsons, Joan Brock, Dorothy Godard.

MEMBERS OF AUTO CLUB WILL GET FREE SERVICE

Through affiliation with other Canadian and American automobile organizations members of the Alberta Motor Association enjoy all the courtesies

Why Firestone Tires Are Better

One of the outstanding developments by Firestone Engineers is the Gum-Dipping process which impregnates and insulates every fibre of every cord with rubber—adding strength to the cords and reducing internal friction and heat so destructive to tire life.

The Firestone Dealer in your locality will gladly explain to you the extra value of Gum-Dipping. He is prepared to demonstrate how the cords of the carcass are saturated in a rubber which makes motoring more economical with added comfort and safety.

and services provided by these clubs when changing within their territory, privileges which are now being curtailed for all non-members of clubs.

Owing to the large increase in tourist traffic American Automobile Association clubs in the United States have found it necessary to make a service change to these non-members, officials of the Alberta Motor Association have been advised. Therefore persons from Alberta planning a trip by motor are urged to protect themselves against expense and trouble by taking out membership in the A.M.A. before starting on their journey. Charges made for services at the different auto clubs in the United States will amount to considerably more than the membership fee of \$5.00 in the Alberta Motor Association.

Through affiliation with the American Automobile Association the Alberta Motor Association gives members the right of privileges and courtesies when travelling across the line, as well as enabling them to obtain up-to-date maps from Alberta point to any point in the United States, with full information as to the condition of dirt, gravelled and paved highways. Those intending to camp enroute may secure a camping and campsite manual which shows the accommodation in the various camps across the continent.

The big Standard baseball tournament and sports which was arranged for Dominion Day, and postponed on account of the rain, will be held on Wednesday, August 3rd.

The pony democrat race at the Strathmore Jubilee Stampede, July 29, promises to be a real feature. At Chesterman's stampede it was a very popular event.

Say, old fellow, if you haven't made arrangements with your best girl to bring her to the Strathmore Stampede, you are playing with fire, because your picture will sure be turned to the wall if she misses it. Every body is coming, father, mother, and the whole damn family. Why? Because it is going to be the biggest day's sport ever held in the Bow Valley.

Tommy Rogers has always had a soft spot in his heart for Strathmore, and to prove it he is going on in the big Strathmore Jubilee Stampede about July 29, in the centennial to help Jim Gunn put over the biggest and ever presented in the Bow Valley, and don't think that Spier is a set up; he can handle them all step. Strathmore will be on the map on July 29. Get your reserved seat early.

Leslie West and Asst. Manager V. W. Wezel left on Sunday for Hartley, Manitoba, to attend the Old Farmers' reunion. Fred Anderson was very anxious to accompany his father, but the latter insisted on Fred remaining at home to look after the day's business and help put over the Big Jubilee Stampede on July 29.

Local Jottings :-

Basil Daines, the holder of the Buck on Belt, has always been a popular favorite with the Bow Valley fans, because he puts up a clean scrap, and is a winning mixer. He is very anxious to put brother Southwood in slumber land, and will do his best on July 29, at the Big Strathmore Jubilee Stampede.

In the old days, the bulldogging event was the last thing in ranch sports, but today that wild and riotous contest, in which the rider jumps from the galloping horse to the back of the running steer, and with a death defying disregard for death, only decorates the horns of the steer with a rose. This is but one of the big events at the Strathmore Jubilee Stampede on July 29. This event alone is well worth the admission cost, to say nothing about the big parade, bang up horse races, bucking contest, chuck wagon races, championship boxing bouts, splendid dance, electrical display and fireworks. Oh, boy—Let's go!

Jim Moran says no other town in the world puts off a stampede where you can see such riding for a dollar, and see every event as you can at the Strathmore Stampede.

"Jimmy crickets," says Fred Anderson, and Fred doesn't utter any Jimmy crickets, "how are we ever going to get through all that big stampede program in one day. It is a good deal plenty for a two-day show." Remember the date, July 29.

The big Strathmore Jubilee stampede will supply the biggest day's sport ever attempted in the Bow Valley, and that is not hot air. Figure it out for yourself: grand parade with floats, price for the cowboys and cowgirls, horse races on which Bob Anderson put his O.K. stampede feature that Leslie West has worked extra special, a boxing bout that merits the blessing and benediction of Jim Gunn, an electrical display which makes Councilman Schulte step on air when he thinks of it, and a fireworks exhibition that causes Chief McFarland to say it is mighty good, to wind up the day's fun with a dance that will be the life of the season.

The management of the big Strathmore Jubilee Stampede, on July 29, have had many things with which to contend to get going, but they are working up both in quality and quantity in the program that has been arranged. You can keep going from early in the morning until the wee wee hours of the following morning before you reach the end. Jim Gunn is certainly running the reputation of the Strathmore and giving away a heap for a small amount of money.

H. J. Anderson left on Sunday for Hartley, Manitoba, to attend the Old Farmers' reunion. Fred Anderson was very anxious to accompany his father, but the latter insisted on Fred remaining at home to look after the day's business and help put over the Big Jubilee Stampede on July 29.

Mrs. Frank Seale left on Sunday for Calgary, where she and Mr. Seale will reside.

Mrs. H. Davis, of Fernie, visited with Miss Marianne Lilly.

The burning of the Royal Alexander apartments at Vancouver is of special local interest, as many people from this district have been occupants from time to time. The same day the congregation was announced, Chester A. Lydard received a receipt from the management for a reservation that Mr. Lydard had made a few days ago.

Miss Watson spent a few days holiday at Edmonton.

Jim Gunn and W. S. Patterson made an automobile trip to Rimbey, the object is still a secret, and all the information available from either of them, is that the crops are looking fine.

Mr. and Mrs. Chris Hansen, of Carleton Place, are receiving congratulations upon the birth of a son on July 2nd, at Mrs. Mackenzie's nursing home.

W. S. Patterson is making arrangements with Jos. Van Tichem for special banking privileges in order to take care of the big gate receipts on Stampede Day, July 29. Just think, the big parade, bang up horse races, the best stampede in the west, the pick of the Calgary buckers, the real boxing championship bouts, a real cowboy display, electrical display and fireworks. Oh, what a day!

Tex Rickard Gunn spent Saturday afternoon at Calgary arranging contracts with Basil Daines and Southwood for the big championship for the Buck on Belt at Strathmore Stampede. Wednesday, July 29, Jim has been bawling off for weeks to get this bout arranged in order to give the fight fans something worth while, as he figures the big is none too good for the Bow Valley boys.

Mr. and Mrs. D. Heisevain, who spent the winter and spring at San Rafael, California, have returned to their home in Strathmore.

Mr. D. Thornhill, who has been in charge of Poultry Department at the Canadian Pacific farm, has resigned to accept a position with the Dominion Government at Rotherham, Sask.

The Calgary boys who know Southwood, who meets Basil Daines at the Strathmore Jubilee Stampede on July 29, are quite convinced that Basil Daines will have to go some to win, as "Booby" as they call him, makes a wicked punch with either hand, and is typically a "John Bull" in manners. The boy that wins will be well advanced towards getting in the big money class. So a "real" contest is on the "tape", and under the management of Jim Gunn, every fan is sure that a square deal will be given, and that a big night's fun is in sight for the Strathmore Jubilee Stampede, July 29.

The many friends of James Weir will extend their sympathy to him in the death of his father at Calgary on Tuesday afternoon. He was called home a few days owing to the serious illness of his father, when grave doctors were expressed regarding his recovery. On Sunday, however, he rallied and expressed confidence that he would pull through, and the hopes of the family were buoyed up, but on Tuesday he sank rapidly, and the end came on Tuesday afternoon.

Dr. and Mrs. Harries have returned from their holiday trip to the Peace River. They were able to motor as far as Westlock, but owing to the heavy rains were compelled to complete the trip by rail.

Mr. E. Zerk, who has been in poor health for some time, has gone to the Ponoma Hospital for treatment.

Mr. Dick Lilly has taken over the insurance business of his father, the late F. R. Lilly.

Mr. S. Hyde expects to occupy his new home about the end of the week.

ROCKYFORD

Mr. and Mrs. Tom Dunsmore Sr. and Mr. and Mrs. Tom Dunsmore Jr. of Portland, Oregon, are here for a short visit with Mr. Harry Dunsmore and family.

Mr. Bill Freeman, of Ardenode, was a visitor in Rockyford last Tuesday.

Mrs. Cary has gone to Manitoba to visit her parents.

Mrs. Dewey Poole was a Calgary visitor on Friday of last week.

Mr. and Mrs. Albert Stun and Mr. Herman Stun motored to Calgary last Thursday.

Mrs. Colson was a visitor in Calgary last Thursday.

Mrs. H. E. Brown, of Hanna, was a visitor in Rockyford last Sunday.

Mr. and Mrs. J. B. McGuire and daughter, Louise, went to Calgary to spend last week-end.

Mrs. Lewis Roppel entertained the following guests at afternoon tea at her home near Rockyford, last Thursday afternoon: Mrs. J. B. McGuire, Mrs. Dewey Poole, Mrs. Short, Mrs. Andrew Wilson, Mrs. Simon Roppel, Mrs. Geo. Roppel, Misses Hilda and Pearl Roppel, of Rockyford, Mrs. Gorman, Mrs. Percy Edwards, Mrs. McKinnon and Mrs. Maiten, of Edmonton.

The U.F.A. held a wine meeting Thursday night in the Rockyford Hall and decided to handle binder wine at its former prices. Farmers desiring to place an order McCormick 150 ft. (wine at special prices from any of the following are acting as a committee for taking orders: Mr. Simon Roppel, Mr. Geo. Kennedy, Mr. C. A. Smith, Mr. A. Miller, and Mr. C. R. Walrod.

Mr. and Mrs. Frank Ryan and family left last Thursday morning for a month's motor trip. They expect to visit relatives at Shellbrook and Eldford, Sask., and also to spend some time at The Pas, Manitoba.

A happy reunion took place at the home of Mr. Jas. Black the past week, when his parents, Mr. and Mrs. Robert Black, of St. Andrews, Scotland, paid him a visit. Mr. Black's brother and sister, from Calgary, were also present. Mr. and Mrs. Black Sr. have not seen their children for seventeen years, and will spend three months as visitors in Canada before returning to Scotland.

An interesting wedding took place at the home of Mr. and Mrs. Jas. Black at noon on the 6th of July, the contracting parties being Miss Kate E. Graham and H. Pizzelli, of Provost, Alta. The ceremony was performed by the Rev. Mr. Mackenzie, while Mrs. Hawkins played the wedding march. Mrs. Pizzelli is a sister of Mrs. Black. Among those present were: Mr. Graham, of Provost, Alta., father of the bride, Mr. and Mrs. Robert Black, of St. Andrews, Scotland, Mr. Black, Mrs. Jewella, Miss Evelyn and sister, Dorella, of Calgary, Mr. and Mrs. Jas. Black, Robert and Jean Black, of Rockyford. After partaking of the wedding banquet, the happy married couple left for a motor trip to the coast, after which they will reside at Provost, Alta.

The Ladies Aid Society of the Union Church had their regular social and business meeting in the Union Church basement on Thursday afternoon of last week.

Mrs. Ralph Stone has just returned from Bow Island, where she was ordered by the death of her father, Mr. Hart, who was a well-known business man of that town. Mrs. Stone has been in failing health for the past year or more.

Mr. and Mrs. F. C. Greenart are the parents of a baby boy, born July 10th. Dr. Dawson was in attendance.

Mr. R. S. MacDonald has resigned his position as teacher of the "Wood-acre" school, and has accepted the position of assistant principal of the Llanano five room school.

Mr. Fred Wegener Sr. has taken a position with Mr. C. R. Walrod during the busy season.

The Rockyford district suffered some severe damage from hail storms on last Saturday. Adjusters are busy making settlements.

Mr. and Mrs. J. Black and family, and Mr. and Mrs. Zobel Black are spending a few days in Calgary.

THE NEW STAR CAR

STAR CARS—Fours and Sixes.
Also Dealer in Hupmobile Sixes and Eights

—LOCAL DEALER—

LORAN BESCE

Phone No. 4 and R315,

Rockyford, Alta.

Miss Marion Kennedy has come to Calgary to remain until the Ryan family returns from their vacation.

Mr. and Mrs. Henry, of Fairhead, are here renewing acquaintances in the Rockyford district.

Mrs. Billy Walker, of Beaver, is here on the issue of her passport, Mr. and Mrs. Griffiths.

There were two baseball games at Rockyford on Sunday. The first one at two o'clock, between the Rockyford Locals and the Grasswood All Stars. It resulted in a score of 5-4 in favor of The All Stars. Strathmore played Rockyford at 6 o'clock, the score being 8-2 in favor of Strathmore.

Mrs. G. Flepke has returned from a week's visit in Medicine Hat.

Ms. Ella Maurice is spending a few days with Mrs. Perkins, in Calgary.

Ms. Lillian Tremes has returned after a short visit with her parents at New Norway.

LOCAL SLINGSHOTS

ROCKYFORD can boast of having the four shortest people in Alberta, all working in the same place of business. **SOME OF THE BOYS** around town would like to have Jimmy explain what the attraction is in Calgary.

ALEXIS still thinks there was a reward game on Sunday.

WE wish to inform Clara that Skinner has been on his best behavior for the past week.

THIRER was only one thing the Locals had on the All Stars Sunday, and that was a double play finished by

a brilliant catch of Bill Rodda. THE SHUFFLETON scene in Norma Talnauge's new picture, "The Only Woman" is said to be the most thrilling ever seen on the screen. Do not miss seeing this at the Rockyford Theatre Saturday night.

SOME ONE reported seeing Tom Watson in his car during the recent hail storm, catching the hail cones as they would not knock down his spade.

SOME PEOPLE were looking for comets last week, but all they saw were Stars (car).

WE HEAR Tom McRobbie has sent a claim into the Municipality Hall Dept. for the loss of two broken windows.

OVERHEARD on the street—and rather fitting just at this time: "Folks, ain't the hail big?"

CARSELAND

The boy viewpoint as told by Bob Woodrow: Billy, a 13-year-old boy, was puzzled over the girl problem and discussed it with his friend Smully. "I've walked to school with her three times," he told Smully, "and carried her books. I bought her ice cream soda twice. Now, do you think I ought to kiss her?"

"Now, you don't need to," Smully decided after a moment of deep thought. "You've done enough for that girl already; first thing you know you will be hooked line and sinker just like I am with Gladys Zell. Ain't a horrible example of having too many ice cream sodas?"

Cultural Wealth Revived

(1) Chateau Frontenac, Quebec, where Festival was held. (2) The song of the little shepherdess was a hit of the children. (3) The little shepherdess was a hit of the children. (4) Typical Quebec woman as seen at her spinning wheel.

BY all accounts the Canadian Folk-song and Handicraft Festival held at the Chateau Frontenac, Quebec, under the auspices of the National Museum of Canada was an unequalled success. More than any previous event which had to do with French-Canadian folk music it has brought to public notice the rich heritage of native song in Canada. Not merely did the concert prove magnetic, but the general atmosphere of the Festival brought forth something dormant, a wealth of national culture that has been buried under the oppressive weight of materialism.

Quebec during the three days of the Festival was invaded by artists from all parts of Canada—celebrated singers from the large cities and the most humble, though not the least interesting, interpreters of the Canadian folk-song from the outlying districts. The Festival, looked upon as a whole, has brought to light artists and material never suspected. The celebrated men and women were applauded by those unknown quantities like the village songsters and dancers, and the Hurons of Lorette, supplied that unusual atmosphere of novelty and attraction that characterized the Festival.

Vincent Perrier de Repentigny and the lumberjacks in their checked shirts and cravat breeches; Philias Beaud with his homogenous clothes and his beaming smile; the fisherfolk from Gaspe; Madame Leblond and her daughters with their spinning wheels and hooked rugs; Napoleon Leblond from the Isle of Orleans with his toy ships carved by hand; the women from L'Assomption braiding the Canadian sash—almost a last art—and in contrast with these the superb singing of cultivated artists, Cedie Brault,

Juliette Gaultier, Jeanne Descaen, J. Campbell McInnes and Rodolphe Plamondon. Nothing more thoroughly Canadian can be imagined than the rollicking songs of the lumberjacks and raftsmen of Quebec by Charles Marchand and his "Touchebois."

And it looks as if the Festival will become an annual event. At the close of the last concert in Quebec, it was announced that not only would the Festival be held next year, but that E. W. Beatty, President of the Canadian Pacific Railway, had offered \$30,000 in prizes for compositions to be played at the 1928 Festival. The compositions to be based on French-Canadian chansons and folk melodies, for which prizes are offered as follows:

1.—\$1,000, divided into \$750.00 and \$250.00 as first and second prizes, for a cantata introducing French-Canadian chansons populaires; the \$750 to be divided: \$500 for music and \$250 for libretto; the \$250 to be divided: \$150 for music and \$100 for libretto.

2.—\$500 for suite for string quartet, not to last over twenty minutes.

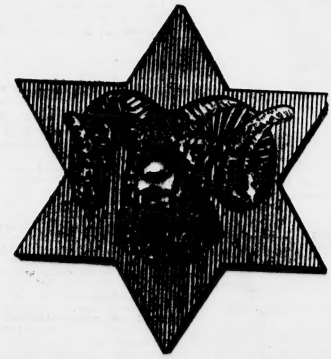

3.—\$250 for group of arrangements of four-Canadian chansons populaires for male voices.

4.—\$250 for group of arrangements of four-Canadian chansons populaires for mixed voices.

The last two (3 and 4) are confined to Canadian composers. The others are open to international competition. Judges and details will be announced as soon as possible, through the musical press.

HEARD ON THE STREET

Along the Carleton road came a \$4,000 limousine. As it caught up with a flivver, the owner of the big car could not resist the temptation to slow down and give the other fellow a bit of a jolt. "Heaven, man!" he said, "what is it about your car that makes such a dreadful rattling noise?" "That! Oh, that's \$5,000 jingling in my pocket," replied the flivver driver.

"And you tell me several men proposed marriage to you?" he asked savagely.

"Yes, several," his wife replied.

"Well, I only wish you had married the first fool who proposed."

"I did."

Mother (reproachfully): "When I was young, girls never thought of doing the things they do today."

Daughter: "Oh, that's why they didn't do them, is it?"

Sambo Rastus Washington Brown, a colored gent in the United States Army, approached the gate of the army, when suddenly the guard challenged: "Halt! Who goes there?" "This am Private Brown, sir!" "Where are you going at this time of night?" "Well, Boss, I's goin' to see my best gal."

"Have you a pass?" asked the sentry.

"No, sah."

"Well, you better turn back before I use my bayonet."

Rastus pulled a moan from his lip pocket and said:

"Listen, white boy, my father he am in H—, my mammy, she am in Heaven and my gal she a up town and I'm bound to see one of them tonight."

"Where were you yesterday, Vincent?" asked the teacher.

"Please, num, I had a toothache," answered Vincent.

"Has it stopped?" asked the teacher sympathetically.

"I don't know," said Vincent.

"What do you mean, boy? You don't know if your tooth has stopped aching?"

"No, num, the dentist kept it."

Johnnie: "Mr. Schulte, can I use your telephone?"

Mr. Schulte: "Certainly, Johnnie, is your's on the blink?"

Johnnie: "Not exactly, but sis is using it to hold up the window; Ma's cutting biscuits with the mousetrap; and the baby is teething on the cord."

The telephone in a well-known Calgary surgeon's office rang, and the doctor answered it. A voice inquired: "What is this?"

The doctor readily recognized the voice of his seven-year-old son. Although an exceedingly busy man, he was always ready for a bit of fun, so he replied:

"The smartest man in the world."

"I beg your pardon," said the boy. "I have the wrong number."

The vicar had been away for some time, having undergone an operation for appendicitis, and the curate, after announcing his safe recovery after service on Sunday, added: "We will conclude by singing the hymn, 'Peace, Perfect Peace' in the Appendix."

"Now," said the school inspector, "give me a definition of space."

TUDOR SEDAN

WITH many improvements in the past year, Ford cars today, more than ever before, give the buyer the greatest car value available.

Outstanding features are all steel bodies of exceptional strength and safety—a dependable, quick-starting motor, greatly improved by the addition of the new Hot Plate Vaporizer with its many advantages of fuel economy and operating efficiency. All models are now offered in either molekalin, gray or sage brush green.

When you consider the price you'll begin to realize why we claim that the Ford is the most practical and economical car you can buy.

We shall be glad to give you a demonstration any time—no obligation whatever.

PROMINENT BRITISH TRADE UNIONIST

Frank Hodges, who for the past two years has occupied the position of secretary of the International Miners' Federation, has resigned. According to reports, his withdrawal marks the culmination of a long campaign carried on by his opponents, led by A. J. Cook, better known as the "Emperor," general secretary of the Miners' Federation.

STRAY HORSES TO BE SOLD

A number of entry horses have been taken up in the Brooks district recently, states Livestock Commissioned S. G. Carlyle, and arrangements are being made for the disposal of same not claimed by their owners. The area covered by the roundup is described as follows: on the north the C.P.R. main line from Brooks to Mossburn, then south to Terrace, east boundary Municipal District 123, south boundary the Bow River, west boundary a line straight south from Brooks to the Bow River.

The horses collected in the roundup are being held at J. J. Bowler's ranch (on the N.E. quarter 25-14-31 W. 4, six miles south of Alderson) and all of such animals not claimed before July 15th will be offered for sale on that date at Alderson. Application may be made to Mr. Bowler before the date of the sale for the release of any horses where ownership is established and when such fee as may be fixed, not exceeding \$2.00 per head, has been paid to Mr. Bowler.

ADMINISTERING AN ESTATE IS A BUSINESS IN ITSELF

When you are debating with yourself whether to name an individual or a Trust Company, as Executor of your will and trustee of your estate, bear in mind this vital distinction.

With most individuals executordship is a side issue, for which they have no special preparation. Administering wills and managing estates is the business of a Trust Company for which it has been organized and is especially equipped.

WORST WIND AND
HAIL STORM IN
HISTORY OF CEREAL

Houses and Barns Splintered,
Crops Destroyed.

CEREAL, Alberta—Two terrific
hail and hail storms traveling west
ward along the C.N.R. Railway, visited
the local district Saturday afternoon,
between four and five o'clock. Great
damage was done to growing crops
and buildings by the hail, which in
some places was as large as hen's
eggs. The heaviest of the storm was at
east and west strip five miles west
beginning at Chas. McCormick's farm,
three miles north of town, and con-
tinuing north to above Scudling's Creek.
Not all the fields were destroyed in
this case, however, for the storm
passed to the west and south of town.
Nearly all the crops in Golden Center
municipality were more or less dam-
aged. It is estimated that there was
a loss from 10 to 100 per cent. The
crops at Naco and Soda. Following
the hail a wind of cyclone character
and proportions destroyed the houses
and barns of Mosley, Theron, Cleland
and Ross. Six miles northeast
of town. Luckily the young men and
their mother had been staying on the
Robert Rogers' farm for a few days,
doing summerfallowing. If they had
been in their own house when the
storm struck, they would have been
killed or injured. All their furniture,
clothing, keepsakes, etc., were lost
or destroyed. A pump was torn from its
mountings and lifted clear from the
well, while the family cook stove was
carried a mile away into the wheat.
The only thing left standing on the
place was a tank of soft water which
was left of the house before the storm
and which was not moved in the least.
This proves that the storm was a
cyclone, for a boy could have pushed
the barrel from its base. The storm
then swept on to the Harry Ellis farm
and carried away the shack and barn,
leaving no trace of what had been
there.

Wm. Hardy, who has a crop in
this land, was not there at the time.
Another piece of luck! Dozens of
granaries and outbuildings were
smashed as the storm tore on its way
and disappeared.

At this writing, Monday, it is not
known here how much damage was
done farther on east.

The second storm followed the first
in half an hour, and hit Cereals with
great force, leaving the streets a pile
of ice and broken boards. J. A. Water-
house's hardware store had a pile
of glass window cases in the blast,
and the metal covering on the build-
ing was torn off for yards.

The high school room in the Kyle
building on Main Street, had the three
glass windows smashed by a flying tin
disc. Several sheds and outbuildings were
torn and damaged.

All the gardens in town were badly
cut up, including the cutlery—worse
luck!

The Barker brothers and Mrs. Barker
are heavy losers. They had moved
back on their place this spring, and put
about \$2000 on the house and inside
of it. Everything is gone. Mrs. Barker
lost her diamond ring. They had a big
acreage in crop, and most of it is
badly cut up. It is a staggering loss
to them as they had no life insurance.
There are other losses, which will be
hard to meet.

Go McIntyre's windmill was uprooted
and hurled to the ground. Herb
McIntyre's big barn near Naco was
struck by lightning and burned.
Thousands of panes of glass were
broken in the storm area. The crops
around Cereals were not hurt materi-
ally. No damage south of town has
been reported. East to Lethbridge little
damage. Oyon was not hurt. Chis-

Municipal District of Bow Valley,

CHURCH BULLETIN

Fifth Sunday After Trinity

July 17th, 1927

11 a.m.—Holy Communion.

7:30 p.m.—Even-song.

REV. WINTERS, Pastor

ROSEBUD

A happy event took place on Jubilee

Day at the home of Mr. and Mrs. Tilt,

it being the occasion of Mrs. Tilt's 60th

birthday, the neighbors and friends

planning a surprise, called during the

afternoon, and presented her with a

sum of money, showing the esteem

with which she is held in this district.

Mr. W. Stancross and family are

leaving for Banff.

Mrs. J. Summers and two sons were

recent visitors at the home of Mr. and

Mrs. Harold Summers.

Mrs. McElvinn and Janie left last

week for Alderside.

Rev. P. Holstead and family left

last Tuesday by motor for Missouri,

where they will visit friends, returning

to Yellowstone Park. They expect

to travel over three thousand miles.

Mrs. Stella Grant has been quite ill

with throat trouble, having to have

her tonsils removed.

Mrs. Houston was hostess to the

ladies of the Ad last Thursday. A

very enjoyable afternoon was spent,

after which a delicious luncheon was

served.

It is rumored that Deacon Crow will

take the services during the pastor's

absence.

Miss Marjorie and Rose Clark are

spending their holidays at their grand-

parents in Washington.

Five cars from Portland, Oregon,

arrived last week, bringing friends of

Mr. and Mrs. Dunmore.

Mr. D. Gill left recently for Winst-

ing, where he will spend his vacation.

A bad hail storm passed over the

Township district on Saturday, damag-

ing crops and gardens for a wide area.

Mrs. Sangster and children are vis-
itors to the stampede.Mrs. Verne Murphy and family have
returned from Manhattan, Kansas,
where the latter have been attending
school for some time.The many friends of the Misses
Elmer and Helen Murphy, daughters
of Mr. and Mrs. Verne Murphy, who
have been at school in Manhattan,
Kansas, are very glad to hear that
they have graduated with first-class
honors into university.

Cook and Youngstown had the storm.

It might have been worse. There
were no fires lost that we have heard
of, and this is remarkable, for many
homes were caught in the fields, with
their houses and runways were the
rule.The big pieces of ice were almost
heavy enough to beat out a man's
brain.The first reports of damage are
being modified after time was taken
to examine the crops.Sedalia and Naco are not so badly
hit as around Wm. Agas's, Tom
Shaw's, and Gus Liden's. Both Good-
will, Doug Smith, and John Draines
farms where a 100 per cent loss is
claimed. Most of these men had hail
insurance, and a big percentage of
them had placed hail insurance on
their crops.
